Section 508 Compliance

Section 508 of the U.S. Code is the law that requires federal agencies and their contractors to adhere to a minimal level of accessibility. Cenveo Managed Healthcare helps Medicare, Medicaid, consumer and commercial organizations comply with federal guidelines and ensure content is accessible and adheres to the 508 standards. On February 18, 2015 the United States Access Board released a proposed rule for updating accessibility requirements. [Is your content compliant?](#)
